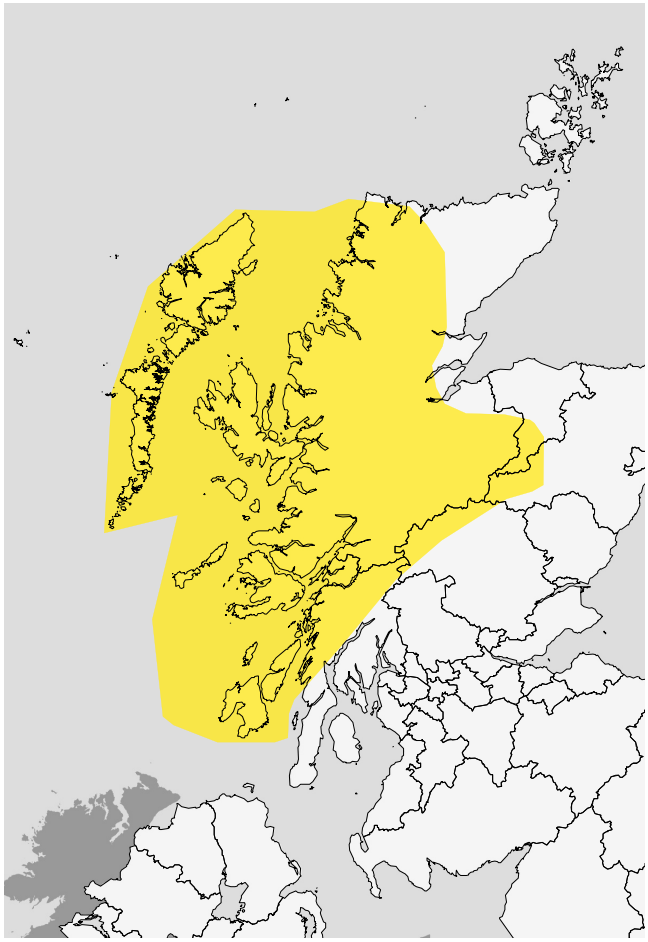
Yellow warning
Snow & Ice

Between
00:00 Mon 27 Jan 2020 and
11:00 Tue 28 Jan 2020



Ice and snow likely to cause disruption.

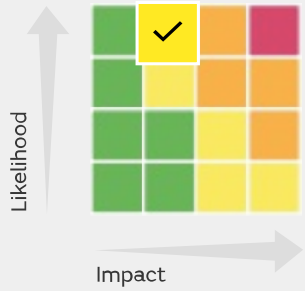
What to expect

- Some roads and railways affected with longer journey times by road, bus and train services
- Some injuries from slips and falls on icy surfaces
- Icy patches on some untreated roads, pavements and cycle paths

Further details

Frequent showers will affect the northwest of Scotland during the rest of Monday, overnight and through to late Tuesday morning, falling as snow away from the western coastal fringes. Some spots may see accumulations of 1-3 cm below 150 m, with more widely 5-10 cm above 150 m.

Strong winds may also bring temporary blizzard conditions in association with the showers at first, though winds will ease overnight.



✓ High likelihood of low impacts
